## Contents

- 1 Jayanta Majumder and Debashri Mondal – Ichthyofauna Diversity of Kulik River in Uttar Dinajpur District, West Bengal, India
- 15 Suresh Kumar, Bharati Veerwal, Durgesh Sharma and Bhoopendra Kumar Verma – Review on Physicochemical Parameters of Water Concerning their Effect on Biotic Population
- 25 Sasanka Pramanik and Jayanta Kumar Biswas – Haematological Monitoring of Riverine Health: Synergistic Effects of Water Quality Deterioration and Parasitic Infection on Fish
- 37 F.R. Siddiqui Hiba and Nandita Singh – Study of Physico-chemical Analysis of Water and Sediments in Kamwari River
- 43 Godhuli Sit, Arun Jana, Purnachandra Das, Angsuman Chanda and Sanjat Kumar Sahu – Induced breeding and embryonic development of indigenous ornamental fish *Puntius terio* (Hamilton, 1822)
- 52 Chandan Sarkar – Seasonal Fluctuation of Limnological Parameters and their impact on Ichthyofaunal Diversity of Chhariganga Oxbow Lake, West Bengal: A Case Study
- 60 Lavanyasri Rathinavel, Deepika Jothinathan, Paul Agastian and Prabhakaran Mylsamy – Bio-energy production from microalgae using photosynthetic fuel cells
- 72 Hina Mushtaq, Qaiser Bashir, Mohmad Mumtaz and Shameem Ahmad Shameem – Pollution abatement by *Nymphaea alba* in Nigeen Lake waters of Dal Lake, Kashmir
- 89 Utpal Singha Roy – A report on Health and Functioning of an urban, Perennial Lake of West Bengal, India with Reference to Waterbird Colonization
- 97 A. Venkataramanibai, S. Rudhra and A. Venkatesan – Tannery Effluent Induced Changes in Growth and Enzymatic Activity of *Solanum lycopersicum* L.
- 103 Sumit Manna, Saikat Manna and Anirban Roy – Habitat Specificity of Phyto-diversity in Semiurban Lotic System: A Case Study
- 113 Narendra Babu Shakya, Jitendra Mohan and Babita Yadav – Phytoremediation and Toxicity Removal of Municipal Wastewater using *Cladophora*, *Azolla* and *Lemna*
- 122 R. Elayasurya, S. Manikandan, R. Subha, R. Sarvesan and B. Sankaran – Euglenoid Diversity in Pallavaram Lake – A Eutrophic Lake near Chennai, Tamil Nadu
- 134 Kangkana Medhi, Arup Kumar Hazarika, Sangeeta Choudhury and Suchi Parna Roy – Biomonitoring of Pollution in Kolong River, Nagaon, Assam, India
- 139 Prankrishna Debnath and Harisankar Dey – Diversity of Cyanobacteria in the Freshwaters of Kaliganj Region, Nadia, West Bengal
- 149 Jyoti Singh, Kuntal Sarma and Rama Kant – Diversity and Morpho-Taxonomy of the Genus *Phormidium* Kützing ex Gomont (Cyanoprokaryote) from Polluted Habitats of Meerut, Uttar Pradesh
- 157 Sangita Devi Sharma and Kaushilya Sahu – Biodiversity of Unicellular Cyanobacteria in Ricefield Soils of Chhattisgarh State
- 162 Sreeja Krishnan, Salma Jasmine and V.S. Anju – *In Silico* Studies on the Anti-Inflammatory Activity of Compounds from Brown Alga *Padina tetrastrum* Hauck
- 167 Sreeja Krishnan, Salma Jasmine and R.M. Akhila – Molecular Docking Study to find the Binding Affinity of Human Breast Cancer Protein with Anticancerous Compounds in *Ulva lactuca* Linnaeus
- 171 Sangita Devi Sharma – Morphological Study of Various Species of *Calothrix* occurring in Rice Fields of Chhattisgarh

## Contents (*Continued*)

**174** Kanni J. Mohan, S. Jisha and B. Hari –  
Diversity of Marine Amphipods Associated  
with Macroalgae Along the Intertidal Rocky  
Shore at Thirumullavaram, Kollam, Kerala

**188** B. Sooraj, S. Jisha and B. Hari –  
Diversity, Distribution and Conservation  
Status of Ichthyofauna of Kayamkulam  
Backwater, Kerala, India

## INDIAN HYDROBIOLOGY – INSTRUCTION TO AUTHORS

1. Indian Hydrobiology accepts original research papers and review articles on all aspects of the biology of aquatic organisms in relation to their environment and exploitation of these for the benefit of human welfare. Manuscripts should be submitted with a self-declaration as the present paper is not under publication in/has not been sent to, any other journal in India or abroad for publication.
2. Papers are published on the understanding that the authors have to pay article processing charge to be notified to the authors at the time of the approval of final proof.
3. Manuscripts should be submitted as soft copy typed in Microsoft word format, with font no. 12, Times New Roman script, in double line space. Figures and illustrations have to be made in to separate JPEG/TIFF plates accompanied with legend separately in MS word file. First page of the manuscript should contain the title of the paper, and a short running title.
4. The author(s) with address, email id of author for communication and an abstract not exceeding 200 words and a set of key words numbering only three to be given in second page.
5. Original research papers should be divided into Introduction, Material and Methods, Results, Discussion, Conclusion, Acknowledgements (if any) and References.
6. Tables with proper numbers and formatted properly to be included at the end of the Text in the manuscript.
7. Figures should be grouped together in to one or more plates(JPEG or TIFF format) with clear figure numbers in good contrast to the back ground.
8. Do not mix photographs (must be of good quality and good resolution; Scale must for photomicrographs) and ink drawings on one plate.
9. Indicate clearly the position where tables, plates and figures to be inserted.
10. References in the text should be by name of author(s) and year of publication. Detailed reference giving name of author(s), year of publication, title of paper, abbreviated name of journal, volume, number and inclusive pages should be listed under references in an alphabetical order. Books should be cited by title, name of publisher and/or plates of publication and total number of pages.
11. Papers intended for publication in IH should be mailed to the Chief Editor, Indian Hydrobiology <krishalg@gmail.com>
12. Only a pdf of published paper will be sent to concerned authors after the release of hard copy of the journal. Hard copy of the journal is supplied only to members of KIA. Reprints are not supplied.
