

Indian Hydrobiology

Vol. 4, No. 1, May 2001

CONTENTS

	Page
V. Anandaraj, V.V. Subramanian & V. Sivasubramanian Studies on the Kinetics of phosphate uptake by some fresh water microalgae	1
A. Bojarajan, M. Arumugam, V. Sivasubramanian & V.V. Subramanian A preliminary report on the phosphate levels and plankton in a few selected fresh water bodies in Kancheepuram district, South india.	11
V.V. Subramanian & V. Sivasubramanian Studies on the heavy metal tolerance of <i>Aphanocapsa pulchra</i> (Kutz.) Raben	15
N. Premila & R. Chitra <i>Stigeoclonium</i> Kutzing and <i>Spirogyra</i> Link as feed supplement for <i>Tilapia mossambica</i> Peters	25
S. Chandra, Vijaya Parthasarathy & V. Krishnamurthy Dew, its Chemistry and impact on sub-aerial micro-organisms	32
Abhay Salve & B.B. Changale Note on the occurrence of <i>Compsopogonopsis</i> (Mont.) Krishnamurthy from India	37
A. Jeyachandran & N. Krishnan Hydrobiology and Primary Productivity of Viraganur Dam, Madurai, Tamilnadu.	39
S.P. Adhikari & Jayanti K. Sahu Temperature dependency of the Cyanobacterium <i>Mastigocladus laminosus</i> from hot springs	43
V. Krishnamurthy The status of marine algae around the coasts of India	49
