

Contents

- 1 Mahendersingh Yadav, S. Vairamani and A. Shanmugam – Pharmaceutical importance of phlorotannins from brown algae: Review
- 9 Umar Faruk J. Meeranayak and C.T. Shivasharana – Report of a novel strain *Arthrospira fusiformis* suku-33 isolated from the central Western Ghats, Karnataka
- 17 Prabha Tiwari and Prabhat Kumar Sharma – Physiological and biochemical response to starvation and excess of nitrogen and phosphorus in *Nostoc spongiaeforme*, a freshwater cyanobacterium
- 31 Ruby Thomas* and K. Raju Thomas – Habitat selectivity of *Haludaria fasciata* (Jerdon, 1849) in two selected streams of Pamba River in the Western Ghats
- 35 Ahilya V. Waghmode and Manasi S. Patil – Gas chromatography-high resolution mass spectrometry analysis of *Sargassum* species
- 45 F.Y. Peyami – Seasonal studies on limnological parameters of Dah pond at Makhpa, Makhdumpur, Jehanabad, Bihar, India
- 51 C.S. Amrutha and S. Shyam Kumar – Phytochemical and antibacterial studies on selected seaweeds of Thirumullavaram, Kerala
- 61 Madhulika Gupta – Copper uptake and its effects on the isolated freshwater cyanobacteria from Ichhapore, West Bengal
- 73 Ahamed Sulthan Jamaludeen, Mauro Bertotti, Asrar Ahamed Abdulla, Kamalakannan Jayaraman and Abdullah Jamaludeen – Groundwater quality assessment of the Cuddalore district, Tamil Nadu, India, using a water quality index method
- 91 Chandan Sarkar, Anandamay Barik and Nimai Chandra Saha – A comparative study on the acute toxicity of biopesticide spinosad and pyrethroid insecticide cypermethrin on Zooplankton *Cyclops viridis* (Jurine, 1820) along with their behavioural changes
- 103 Harisankar Dey and Tuhin Mallick – Diversity of cyanobacteria from paddy fields of Purba Bardhaman District of West Bengal, India
- 109 S. Shyam Kumar and A.V. Saramma – Influence of changes in light intensity, temperature and inoculum size on the growth and pigment composition of microalga – *Nannochloropsis salina*
- 121 L. Srilakshmi, B. Samundeeshwari and P. Sripriya – Isolation and characterization of L-asparaginase producing endophytic bacterium *Bacillus haynesii* PCPSK1 derived from *Gracilaria* sp.
- 129 S. Gini and A. Ganesh Kumar – Effluents from seafood processing industries, its bioproducts and their effect on environment – A review
- 137 Smita Anekar and Meena Dongare – Seasonal variation in the physicochemical parameters of Vadanage Lake, Kolhapur
- 143 B. Samundeeshwari, L. Srilakshmi and P. Sripriya – Screening and characterization of chitinase producing epiphytic bacterium *Pseudomonas composti* PCPSK2 associated with *Chaetomorpha* sp.
- 151 Grace Mariam Philip, Hannah Sherine J., Nandhini Kannan and Bakthavachalam Babu – New records of two species of *Herposiphonia* (Rhodophyta, Rhodomelaceae) from India
- 157 Kalyanaraman Rajagopal, S. Murugasen, Nazreen Banu and G. Kathiravan – Sea grasses – A wellspring of endo-mycobiome for bioactive compound research – A mini review
- 161 P. Desingurajan and B. Sankaran – Taxa of Scenedesmaceae from Kolavai Lake in the suburban region of Chennai
